Los Alamos National Laboratory  
MS-C330 Los Alamos, New Mexico 87545

## PLANNING YOUR VISIT TO THE BRADBURY SCIENCE MUSEUM

**Chaperones:** To ensure that your students have the best possible experience at the museum, we ask that you provide one chaperone for every 6 children. The chaperones should stay with their assigned group of students throughout the entire visit and model positive museum behavior.

**General:** Please remind your students about the following guidelines:

- Please leave food and drinks on the bus.  
If this is not possible, please speak with the Museum Guide on duty.
- Respect other visitors in the museum by using inside voices, walking, etc.
- Please be gentle with the exhibits.
- Cameras are welcome at the Bradbury Science Museum.
- Have fun!

**Upon your arrival:** Students may disembark from buses at the front entrance to the museum. Bus parking is available on Iris Street, directly behind the museum. (See the attached map.) Depending on the size of your group, we may ask you to divide into 2, 3 or 4 sub-groups before entering the museum.

Please confirm the details of your visit (whether you need a scavenger hunt, when you would like to see the movie, etc.) with the Museum Guide.

**Last minute changes:** If you are going to be late or need to cancel on short notice, please call the museum to let us know at (505) 664-0244.

**Gift Shop:** The gift shop/ bookstore next door to the museum is currently closed.

**Contact Information:** For more information about your visit email us at [edu-bsm@lanl.gov](mailto:edu-bsm@lanl.gov) or leave a message at (505) 667-3157 or 664-0244

**We look forward to seeing you at the Bradbury Science Museum.  
We hope you enjoy your visit!**
